

**Resource Guide
for Senior Residents
Village of Chagrin Falls**

*Chagrin Falls
Seniors Committee
June 3, 2014*

Introduction

This resource guide is intended to help senior citizens of the Chagrin Falls area and their families find transportation, food delivery, housing, medical services, and senior centers which serve the senior population in our community. It is far from inclusive and does not include home care services which are provided by a large number of for profit providers.

This guide is just that - a list of organizations that may be capable of providing suitable services. Neither the Village of Chagrin Falls nor the Chagrin Falls Senior Committee can or do recommend any particular providers - or guarantee or warrant any of their services. Readers should investigate the listed organizations and satisfy themselves that they can provide satisfactory services.

Thanks to Jim Rich for researching and preparing the material for this publication.
