

WALK-IN

Soeder

East Cottage Street

Prospective owner Steven Soeder presented preliminary concept for new dwelling and was advised to check hillside ordinance. He was further advised to look to other houses in the East Cottage Street neighborhood for a compatible design.

Brickhaus

Cleveland Street

Developer Andrew Brickman and architect Horton presented Brickhaus experience and preliminary concept for 12 townhomes on southeast bank of Chagrin River, across from Spillway mill buildings. The Board encouraged exploration of Village river buffer and density ordinances. The location is unique allowing for a contemporary design compatible with the surrounding village. The Board suggested that plans be presented with specific reference to Chagrin Falls buildings that were used for design inspiration.
