REVIEW 2022 PUBLIC INPUT, DECISIONS & ACCOMPLISHMENTS

Mr. Drum shared that in 2022 the committee met twice. The decisions made in 2022 were to reiterate the prohibition of fireworks in the Village of Chagrin falls as well as making a left turn from River Street on to North Main Street illegal. The committee also spent a good amount of time discussing crosswalk safety.

GOALS FOR 2023

Mr. Drum and Ms. Grube discussed the following ideas for 2023:

- Mid-block crosswalk bump-outs or planters to help assist in pedestrian safety. Possibly even trying them temporarily to see how they work.
- South bound on North Main Street to East bound on Bell Street, arrow turn only.
- Intersection camera (no strong interest in this idea)

ADJOURNMENT

The meeting adjourned at 7:25 p.m.
