

**VILLAGE OF CHAGRIN FALLS  
PUBLIC MEETING  
EAST WASHINGTON STREET PROJECT  
June 4, 2020**

Present: Mayor Tomko, Lannon, Jamieson

The virtual meeting was called to order at 7:00 p.m. by Mayor Tomko.

Mayor Tomko gave an introduction to the upcoming project on East Washington Street. Tim Lannon followed with a more detailed explanation of the sanitary sewer cleaning, televising, and relining work, as well as the offer made to residents that are tied into this line to have their lateral sewer lines relined at the village cost. Once cleaned and televised, each property owner will be given a report on the condition of their sanitary sewer lateral line and the cost to reline it if needed, with an agreement proposed to pay for the work. The meeting then opened to the public and five (5) people asked questions about the project.

The meeting adjourned at 7:49 p.m.
