The meeting was called to order (at Evergreen Hill Cemetery) at 11:00 a.m. by Chairman Larry Trace.

NEW COLUMBARIUM

There was discussion regarding moving the foundation 2 feet to the south and installing a brick walkway around the columbarium. Instead of that, it was agreed to put down plastic matting material to help minimize mud issues from foot traffic.

Mr. Corson said he will prepare a landscape design for the center of the circle.

The meeting adjourned at 12:00 p.m.
