

**VILLAGE OF CHAGRIN FALLS
CEMETERY COMMISSION
August 11, 2021**

Members present: Trace, White, Carr, Grube
Also present: Arnold, Nelson, Famagelto

The meeting was called to order, at Evergreen Hill Cemetery, at 9:00 a.m. by Chairman Larry Trace.

If we have to have any stone in Fireman's Circle, bluestone would be a quality choice.

The flagpole has been installed in Fireman's Circle, albeit in the wrong place. Noone knows why it was not centered in the circle. Needs to be moved.

Van Curen should begin tree trimming this month.

We need to double our dollar request in the budget for monument repair next year. There hasn't been any for two years and we need to get caught up.

Eighty in ground full graves left.

Next month's meeting should be 9/8, we would like to change it to Tuesday 9/14.

Much discussion was had about the war memorial flag holders, both their destruction by the lawn crew, and the fact that they are being placed where they don't belong. We discussed that these need to be made out of metal and really aren't connected to the wreath project, as those are just temporary markers and if they get them wrong it doesn't really matter, just an errant wreath. Rob Arnold will look into pricing.

The meeting adjourned at 9:30 a.m.

Larry Trace, Chairman
