

**AN ORDINANCE ENACTING NEW CHAPTER 943,
"SMALL CELL DESIGN GUIDELINES," OF THE
STREETS AND PUBLIC SERVICES CODE AND
DECLARING AN EMERGENCY.**

WHEREAS, Substitute House Bill 478 (Sub. H.B. 478) will go into effect on July 31, 2018; and

WHEREAS, Substitute House Bill 478 amends Ohio Revised Code Chapter 4939 to provide, among other things, that municipalities may adopt reasonable, written design guidelines with objective, technologically feasible criteria to regulate small cell facilities and wireless support structures; and

WHEREAS, this Council believes that enacting new Chapter 943 "Small Cell Design Guidelines," of the Streets, Utilities, and Public Services Code of the Streets and Public Services Code of the Codified Ordinances of the Village of Chagrin Falls, promotes the public health, safety and welfare of the Village and its residents.

**NOW THEREFORE, BE IT ORDAINED BY THE COUNCIL OF THE VILLAGE
OF CHAGRIN FALLS, CUYAHOGA COUNTY, STATE OF OHIO:**

Section 1. New Chapter 943, "Small Cell Design Guidelines," of the Streets and Public Services Code, of the Codified Ordinances of the Village of Chagrin Falls be enacted to read as follows:

**"Chapter 943
SMALL CELL DESIGN GUIDELINES**

943.01 OVERVIEW AND PURPOSE, DEFINITIONS.

- (a) The purpose of these Design Guidelines is to:
- (1) Protect the health, safety, and welfare of the citizens of the Village;
 - (2) Preserve the character of the Village's neighborhoods and historic districts;
 - (3) Give guidance to wireless telecommunications providers to assist such companies in the timely, efficient, safe, and aesthetically pleasing installation of Facilities; and

ORDINANCE NO. 2018-51
INTRODUCED BY: MR. NEWELL

- (4) Comply with, and not conflict with or preempt, all applicable state and federal laws.
- (b) For the purpose of this Chapter, and the interpretation and enforcement hereof, the following words and phrases shall have the following meanings, unless the context of the sentence in which they are used shall indicate otherwise:
- (1) “Applicant” means any person or entity who submits an Application pursuant to this Chapter.
 - (2) “Application” means the form issued by Chief Administrative Officer, to be submitted by an Applicant to obtain a Small Cell Use Permit from the Village to Collocate a Small Cell Facility and/or to construct, maintain, modify, operate, or replace a Wireless Support Structure.
 - (3) “Accessory Equipment” means equipment used in conjunction with a Small Cell Facility and generally at the same location as, or in proximity to, the Small Cell Facility including, but not limited to, electric meters, concealment elements, telecommunications demarcation boxes, grounding equipment, power transfer switches, cut-off switches, and vertical cable runs.
 - (4) “Collocation” or “Collocate” means to install, mount, maintain, modify, operate, or replace wireless Facilities on a Wireless Support Structure.
 - (5) “Design Guidelines” means the standards established in this Chapter 943.
 - (6) “Facilities” means Small Cell Facilities, Accessory Equipment, and Wireless Support Structures.
 - (7) “Facilities Operator” means the person or entity responsible for the installation, operation, maintenance, replacement, and modification of Facilities. Facilities Operator includes:
 - (i) Operators;
 - (ii) Applicants who applied for consent to Collocate a Small Cell Facility or to construct, maintain, modify, operate, or replace a new Wireless Support Structure pursuant to O.R.C. Section 4939.031(E) and who have obtained a Small Cell Use Permit; and
 - (iii) Applicants who applied for consent to Collocate a Small Cell Facility or to construct, maintain, modify, operate, or replace a new Wireless Support Structure pursuant to O.R.C. Section 4939.033 and who have obtained a Small Cell Use Permit.

ORDINANCE NO. 2018-51
INTRODUCED BY: MR. NEWELL

- (8) “Historic district” means a building, property, or site, or group of buildings, properties, or sites that are either of the following:
 - (i) Listed in the national register of historic places or formally determined eligible for listing by the keeper of the national register, the individual who has been delegated the authority by the federal agency to list properties and determine their eligibility for the national register, in accordance with section VI.D.1.a.i-v of the nationwide programmatic agreement codified at 47 C.F.R. part 1, Appendix C;
 - (ii) A registered historic district as defined in section 149.311 of the Revised Code.

- (9) “Operator” means a wireless service provider, cable operator, or video service provider that operates a Small Cell Facility and provides wireless service, including a wireless service provider, cable operator, or a video service provider that provides information services as defined in the “Telecommunications Act of 1996,” 110 Stat. 59, 47 U.S.C. 153(20), and services that are fixed in nature or use unlicensed spectrum.

- (10) “Public Way” or “Right-of-Way” means the surface of, and the space within, through, on, across, above or below, any public street, public road, public highway, public freeway, public lane, public path, public alley, public court, public sidewalk, public boulevard, public parkway, public drive, public easement, and any other land dedicated or otherwise designated for a comparable public use, which is owned or controlled by the Village or other public entity or political subdivision.

- (11) “Small Cell Facility” means a wireless facility that meets both of the following requirements:
 - (i) Each antenna is located inside an enclosure of not more than six (6) cubic feet in volume or, in the case of an antenna with exposed elements, the antenna and all of its exposed elements can fit within an enclosure of not more than six (6) cubic feet in volume; and
 - (ii) All other wireless equipment associated with the facility is cumulatively not more than twenty-eight cubic feet in volume. The calculation of equipment volume shall not include electric meters, concealment elements, telecommunications demarcation boxes, grounding equipment, power transfer switches, cut-off switches, and vertical cable runs for the connection of power and other services “Small Cell Equipment” means a Small Cell Facility and all Accessory Equipment.

ORDINANCE NO. 2018-51
INTRODUCED BY: MR. NEWELL

- (12) "Small Cell Equipment" means a Small Cell Facility and all Accessory Equipment.
- (13) "Small Cell Use Permit" means the permit granted by the Village authorizing an Applicant to Collocate a Small Cell Facility or to construct, maintain, modify, operate, or replace a Wireless Support Structure in the Right-of-Way.
- (14) "Underground Area" means an area in the Right-of-Way where existing electric utilities, cable facilities, telecommunications facilities and other facilities, other than structures and facilities owned by the Village or a transit authority, are located underground.
- (15) "Wireless Support Structure" means a pole, such as a monopole, either guyed or self-supporting, street light pole, traffic signal pole, a fifteen-foot or taller sign pole, or utility pole capable of supporting Small Cell Facilities. As used in this Chapter, "Wireless Support Structure" excludes all of the following:
 - (i) A utility pole or other facility owned or operated by a municipal electric utility; and
 - (ii) A utility pole or other facility used to supply traction power to public transit systems, including railways, trams, streetcars, and trolleybuses.
- (16) "Village" means the Village of Chagrin Falls.

943.02 GENERAL STANDARDS

- (a) Facilities shall not be installed unless the Facilities are compliant with these Design Guidelines, Chapter 941 of the Codified Ordinances and any Application requirements, and all applicable local, state, and federal laws.
- (b) A Facilities Operator shall not construct, maintain, modify, operate, or replace any Facilities not clearly depicted in an Application for a Small Cell Use Permit.
- (c) All work shall be performed in a professional manner consistent with the highest standards of workmanship.
- (d) Facilities shall be maintained in good and safe condition and in a manner that complies with all applicable federal, state and local requirements. All facilities shall be regularly painted and free of debris.
- (e) Facilities shall not be installed in any location that causes any interference with the Village's public safety radio system, traffic and emergency signal light system, or other Village safety communications systems or system components.

ORDINANCE NO. 2018-51
INTRODUCED BY: MR. NEWELL

- (f) The Village may propose an alternative location for proposed Facilities up to one hundred (100) feet from the proposed location or within a distance that is equivalent to the width of the Public Way, whichever is greater. The Facilities Operator shall utilize the alternative location unless the Facilities Operator shows that the alternative location is not technically feasible.
- (g) Facilities shall not interfere with existing or planned street trees.
- (h) Signage shall be mounted on all new Facilities providing the Facilities Operator's name, an emergency contact phone number, an informational contact number, and all other information required by law. Unless otherwise prohibited by law, signage shall be discreet in color and shall match the Facilities and surrounding area and font size used on the sign shall be no smaller than 9 point font and no larger than 14 point font.
- (i) Unless otherwise required by law, all manufacturer stickers and decals shall be removed from Facilities.
- (j) Facilities shall be camouflaged using existing land forms, vegetation, and structures to screen the Facilities from view and to blend in with the surrounding built and natural environment.
- (k) The Village may require the Facilities Operator to incorporate additional concealment elements before approving an Application. Concealment elements may include, but shall not be limited to, fencing, public art, strategic placement, and placement within existing or replacement street furniture.
- (l) Facilities shall not have any flashing lights, sirens or regular noise other than a cooling fan that may run intermittently.
- (m) All hardware, including antenna mounting brackets and hardware, antenna mounting posts, cables, shrouds and other equipment mounted shall be painted in a color designated by the Chief Administrative Officer, and the color shall match the Facilities. The Chief Administrative Officer may require the Facilities Operator to use a different, non-matching color on a case-by-case basis when the Chief Administrative Officer determines a non-matching color would better fulfil the purposes of these Design Guidelines.
- (n) A Facilities Operator shall remove or paint over any graffiti on the Facilities at Facility Operator's sole expense as soon as practicable, but no later than ten (10) days from the date the Facilities Operator receives notice of the graffiti.

943.03 SPECIFICATIONS FOR COLLOCATION

- (a) Small Cell Equipment shall not interfere with the primary purpose of a Wireless Support Structure.

ORDINANCE NO. 2018-51
INTRODUCED BY: MR. NEWELL

- (b) Small Cell Equipment to be attached to a Wireless Support Structure shall be attached at least six (6) feet above ground level. If Small Cell Equipment is projecting toward the street then the Small Cell Equipment shall be installed no less than sixteen (16) feet above ground level.

943.04 ANTENNAS

- (a) Antennas and Accessory Equipment must be capable of fitting within an enclosure not larger than six (6) cubic feet in volume.
- (b) Antennas and Accessory Equipment shall not increase the overall height of an existing Wireless Support Structure by more than five (5) feet.
- (c) Antennas mounted on a Wireless Support Structure shall be enclosed inside the Wireless Support Structure whenever possible and otherwise within a canister or other shroud. All Accessory Equipment associated with the antenna shall be concealed and shall not visibly protrude from the shroud or canister.
- (d) The width of the canister or other shroud encasing the antenna and Accessory Equipment shall not exceed the width of the narrowest portion of the Wireless Support Structure.
- (e) The enclosure or shroud shall be painted to match or compliment the Wireless Support Structure.
- (f) Antennas shall be installed in a manner that minimizes the visual impact to the general public.
- (g) Antennas shall not impair light or views from adjacent window(s).
- (h) Antennas located on the exterior of a Wireless Support Structure shall be top-mounted on a Wireless Support Structure. The Chief Administrative Officer may approve a side-mounted antenna if, in the Chief Administrative Officer's discretion, the side-mounted antenna would be more appropriate given the built environment, neighborhood character, overall site appearance or would otherwise promote the purposes in these Design Guidelines.

943.05 WIRELESS SUPPORT STRUCTURE-MOUNTED EQUIPMENT

- (a) All Wireless Support Structure-mounted Small Cell Equipment other than the antenna(s) and electric meter must be concealed within an equipment cabinet.
- (b) Equipment cabinets shall be mounted flush to the Wireless Support Structure.
- (c) Equipment cabinets shall be stacked together on the same side of the Wireless Support Structure and oriented away from any windows and doorways to minimize visual impacts thereupon.

ORDINANCE NO. 2018-51
INTRODUCED BY: MR. NEWELL

- (d) The equipment cabinets must be non-reflective and painted, wrapped or otherwise colored to match the Wireless Support Structure.

943.06 GROUND-MOUNTED SMALL CELL EQUIPMENT

- (a) The Village shall not approve the proposed location of ground-mounted Small Cell Equipment unless the Applicant (1) proposes the ground-mounted equipment in connection with a Collocation, and (2) shows that the equipment cannot be feasibly placed on the Wireless Support Structure or in an underground vault.
- (b) If technically feasible, Small Cell Equipment should be located in a vault buried underground rather than being ground-mounted. If underground placement is not technically feasible, ground-mounted Small Cell Equipment shall be contained in a shroud or cabinet.
- (c) All ground-mounted Small Cell Equipment shall be installed in a manner that minimizes the visual and ingress/egress impact to the general public.
- (d) Ground-mounted Small Cell Equipment shall be placed as far as practicable from pedestrian sidewalks and shall neither block nor be placed within the sidewalk in any way. The ground-mounted Small Cell Equipment shall not be placed adjacent to a sidewalk in a manner that creates a hazard or safety issue for pedestrians or interferes with the free movement along such sidewalk in any way.

943.07 CABLES

- (a) All cables, conduit and wiring shall be located inside conduit and inside the Wireless Support Structure or an equipment cabinet.
- (b) Excess cables and wiring shall not be spooled, coiled or otherwise stored on the exterior of the Wireless Support Structure unless within an enclosure. Cables shall not be externally visible.

943.08 ELECTRICAL METERS

- (a) Facilities Operators shall use flat-rate electric service when available in order to eliminate the need for a meter.
- (b) If a meter is required, then the Facilities Operator shall use the smallest and least intrusive electric meter available. Whenever permitted by the electric service provider, the electric meter shall be painted to match the Wireless Support Structure.

943.09 UTILITY LINES

- (a) Service lines shall be underground to avoid additional overhead lines. The underground cables and wires must transition directly into the Wireless Support Structure base without any external junction box.

ORDINANCE NO. 2018-51
INTRODUCED BY: MR. NEWELL

943.10 SPECIFICATIONS FOR REPLACEMENT OF WIRELESS SUPPORT STRUCTURES

- (a) A Facilities Operator shall be required to replace an existing Wireless Support Structure in the following circumstances:
 - (1) The Wireless Support Structure upon which the Applicant has proposed to Collocate Small Cell Equipment is deemed incapable of bearing the added weight of the Small Cell Equipment; or
 - (2) An existing Wireless Support Structure is located within 100 feet of the proposed site of a new Wireless Support Structure but the existing Wireless Support Structure is incapable of bearing the additional weight of the Small Cell Equipment.
- (b) Designs for replacement of Wireless Support Structures shall be as architecturally similar as possible to the existing Wireless Support Structure to be replaced unless otherwise approved by the Village.
 - (1) All luminaire mast arms shall be the same length, arch, and style as the original luminaire arm, unless otherwise specified by the Village.
 - (2) The Village may require the Facilities Operator to install a new metal Wireless Support Structure rather than a new wood support structure.
- (c) Except in the R-1, R-2F, ASF, RMF-10, RMF-15, RMU, MR and RLC zoning districts, the overall height of a replacement Wireless Support Structure, including proposed Collocated antenna, shall not be more than forty (40) feet in height above ground level. The overall height of a replacement Wireless Support Structure, including proposed Collocated antenna, shall not be more than thirty-five (35) feet in height above ground level in R-1, R-2F, ASF, RMF-10, RMF-15, RMU, MR and RLC zoning district so long as there is no Wireless Support Structure or utility pole taller than thirty feet located within three hundred (300) feet of the location of the proposed replacement Wireless Support Structure.
- (d) All existing signs, traffic signals, emergency signal detection units, video detection cameras, video cameras, crosswalk service buttons, crosswalk signals, and any other pedestrian or traffic devices shall be reinstalled or replaced with new units by the Facilities Operator at no cost to the Village.
- (e) The concrete Wireless Support Structure foundation for the original Wireless Support Structure shall be removed either partially or completely by the Facilities Operator as instructed by the Village.
 - (1) If partially removed, the original Wireless Support Structure foundation shall be taken back to a level that is twelve (12) inches below the existing grade and covered with four (4) inches of one-half (1/2) inch to three-

ORDINANCE NO. 2018-51
INTRODUCED BY: MR. NEWELL

quarter (3/4) inch composed of rock material. The remaining eight (8) inches shall be native soil.

- (2) If the entire original Wireless Support Structure foundation must be removed, then all foundation materials (concrete, rebar, metals, bolts, etc.) shall be removed. The type of backfill material and compaction required is: (a) one-half (1/2) sack slurry for the entire depth in paved areas, and (b) one-half (1/2) sack slurry for the entire depth except the top twelve (12) inches will be native soil in landscaped areas.

943.11 SPECIFICATIONS FOR NEW WIRELESS SUPPORT STRUCTURES

- (a) New Wireless Support Structures shall be designed and constructed to accommodate Small Cell Equipment from at least two (2) wireless service providers on the same Wireless Support Structure.
- (b) New Wireless Support Structures shall maintain a distance of three hundred (300) feet from existing monopoles, or utility poles.
- (c) In residential districts, new Wireless Support Structures shall be located at the shared property line between two residential parcels where the parcels intersect the Right-of-Way.
- (d) In non-residential districts, new Wireless Support Structures shall be located between tenant spaces, storefront bays, or adjoining properties at the shared property lines where the parcels intersect the Right-of-Way.
- (e) New Wireless Support Structures shall not interfere with any metered parking space.
- (f) A new Wireless Support Structure shall not be located in front of a building entrance or exit.
- (g) Except in the R-1, R-2F, ASF, RMF-10, RMF-15, RMU, MR and RLC zoning districts, the overall height of a new Wireless Support Structure, including proposed Collocated antenna, shall not be more than forty (40) feet in height above ground level. The overall height of a new Wireless Support Structure, including proposed Collocated antenna, shall not be more than thirty-five (35) feet in height above ground level in the R-1, R-2F, ASF, RMF-10, RMF-15, RMU, MR and RLC zoning districts so long as there is no Wireless Support Structure or utility pole taller than thirty feet located within three-hundred (300) feet of the location of the proposed new Wireless Support Structure.

ORDINANCE NO. 2018-51
INTRODUCED BY: MR. NEWELL

- (h) The Village may require the Facilities Operator to install a metal Wireless Support Structure rather than a wood Wireless Support Structure. Unless otherwise specified by the Village, new wood Wireless Support Structures are prohibited in the following zoning districts:
 - (1) The Conservation District (C), Park and Institutional District (PI), all Residential Districts, all Business Districts and all Overlay Districts, limiting new wood wireless support structures to the Limited Industrial (LI) District.

943.12 HISTORIC DISTRICT REGULATIONS

Except antennas, all Small Cell Equipment to be located in the Right-of-Way in the Chagrin Falls Westside District, the Chagrin Falls Triangle Park Commercial District (+ Boundary Increase), the Chagrin Falls Eastside Historic District or any other Historic District in the Village shall be located in an underground vault or shall be subject to such reasonable, technologically feasible, and non-discriminatory design or concealment measures as the Village may specify, as long as such measures do not have the effect of prohibiting the Facilities Operator's provision of service. Such measures are not considered part of the small cell facility for purposes of facility size restrictions in this Chapter or Chapter 941 of the Codified Ordinances. A waiver submitted pursuant to Section 941.13(d) will be considered if it is shown to be technologically infeasible.

943.13 UNDERGROUND AREA REGULATIONS

- (a) Subject to subsection (b), a Facilities Operator shall locate its Facilities underground in an Underground Area.
- (b) A Facilities Operator may replace an existing Wireless Support Structure or Collocate Small Cell Facilities on an Existing Wireless Support Structure even if the Wireless Support Structure is located in an Underground Area.
- (c) A Facilities Operator shall not install a new Wireless Support Structure in an Underground Area.
- (d) An Operator may apply to the Chief Administrative Officer for a waiver of the underground placement requirement if the Operator is unable to achieve its service objective under the following circumstances:
 - (1) From a location in the public Right-of-Way where the prohibition does not apply;
 - (2) From a utility easement the service provider has the right to access; and
 - (3) From other suitable locations or structures made available by the Village at reasonable rates, fees and terms.

ORDINANCE NO. 2018-51
INTRODUCED BY: MR. NEWELL

- (e) Submission of a waiver pursuant to subsection (d) is subject to the Facilities Operator's agreement to toll the timeframes set forth in Section 941.08(a) of the Codified Ordinances by fourteen (14) days.

943.99 PENALTIES; EQUITABLE REMEDIES

- (a) Any person or entity found guilty of violating, disobeying, omitting, neglecting or refusing to comply with any of the provisions of this Chapter shall be fined not less than One Hundred Dollars (\$100.00) nor more than Five Hundred Dollars (\$500.00) for each offense. A separate and distinct offense shall be deemed committed each day during or on which a violation occurs or continues.
- (b) Nothing in this Chapter shall be construed as limiting any judicial remedies that the Village may have, at law or in equity, for enforcement of this Chapter."

Section 2. SECTION 2. That actions of this Council concerning and relating to the passage of this legislation were adopted in lawful meetings of this Council and that all deliberations of this Council and of any of its committees that resulted in such formal action were in compliance with all legal requirements, including Chapter 114 of the Codified Ordinances of the Village of Chagrin Falls.

Section 3. SECTION 3. That in accordance with Section 113.01 of the Codified Ordinances of the Village of Chagrin Falls, public notice of this Ordinance shall be given by posting a copy thereof for not less than fifteen (15) days in the Village Hall.

Section 4. SECTION 4. That this Ordinance be and is hereby declared to be an emergency measure necessary for the immediate preservation of the public peace, health, safety and welfare of the habitants of the Village and for the further reason that this Ordinance needs to take immediate effect to accommodate requests for Facilities' permits when Substitute House Bill No. 478 goes into effect on July 31, 2018. Wherefore, provided it receives two-thirds (2/3) of the votes of all members elected to Council, this Ordinance shall be in full and effect from and immediately upon its passage by this Council and approval by the Mayor; otherwise it shall take effect and be in force after the earliest period allowed by law.

PASSED: July 23, 2018

Karl Maersch, Council President

ORDINANCE NO. 2018-51
INTRODUCED BY: MR. NEWELL

Submitted to the Mayor for
his approval on this

24 day of July, 2018

Approved by the Mayor

July 24, 2018

Mayor William Tomko

I hereby certify that Ordinance No. 2018-51 was duly enacted on the 23 day of
July, 2018, by the Council of the Village of Chagrin Falls and
posted in accordance with Section 113.01 of the Codified Ordinances of the Village of Chagrin
Falls.

Clerk of Council
