

CHAGRIN FALLS MANDATORY WATER METER UPGRADE

Professional Meters Inc. (PMI), a contractor for the Village of Chagrin Falls, will be replacing older water meters as a step toward a more modernized water metering system which will help our community to better manage our water resources.

An appointment will need to be scheduled to replace the water meter.

- Someone age 18 or older must be present during the installation which usually takes about 30 minutes during which time the water will be shut off.
- The water meter is typically located inside, near the main water shut-off valve. The meter needs to be accessible to the installer.

To schedule an appointment, call PMI toll free at 1- 866-260-3176.

If you have questions or concerns about this upgrade, please visit the Village's website www.chagrin-falls.org or call the Utility Billing office at 440-247-5050.
